IT day hackathon - Jaipur (2023)

ABOUT ME

I am a passionate full-stack developer skilled in front-end and back-end technologies. I specialize in building dynamic, scalable web applications with optimized performance and seamless user experiences. I aim to apply my expertise in modern frameworks, API integrations, and responsive design to create innovative digital solutions.

EXPERIENCE

Yash Techology , python developer - Intern (june-2025)

Currently working as a Python Developer Intern at Yash Technologies , where I'm gaining hands-on experience in backend development and real-world corporate projects. This role is helping me strengthen my skills in Python, teamwork, and agile methodologies.

PROJECTS

PORTFOLIO WEBSITE
